

Hello all Cross Country athletes & parents!!

As you should have been notified, the cross country team will have team picture day on Thursday, October 22nd, 2026 during practice time. Please make sure your athlete comes in black shorts & their jersey! Everyone will receive a digital copy of the team photo via the gallery link. If you are only interested in the team photo, a signed contract & payment is not needed. Athletes were sent home with an order form & contracts if you or your athlete were interested in individual and/or buddy/group pictures, it will need to be filled out & turned in before or on picture day. Please note, athletes will not receive pictures if they do not have the contract signed by a parent/guardian. Payment for these packages will be due either before or at the time of picture day. If paying via Venmo, please include your athletes first & last name, "2026 XC picture day", & the package you would like. We are doing team pictures a little differently this year as your athlete will not receive buddy/group pictures or individuals unless paid for. This way, we ensure my time as a photographer is not wasted, as well as the athletes practice time. No images will be watermarked & all images purchased are digital copies/downloads only. Prints are not included in this price but are available to purchase additionally through my site. Athletes have the choice of 3 different packages with optional add ons as well. Unfortunately, if you received a \$20 off coupon from 2025 Track Banquet, it is not applicable to these picture day packages. I have attached a copy of the contract & order form if anyone needs extras or would like to review more. Please feel free to reach out with any questions, comments or concerns-contact info is below.

Thank you!
